Main Problems Encountered						
We had a class on the client side that had just one method but when we run the branch coverage, it shows us that we have 11 branches and 2 methods for some reason. We couldn't figure out what is the problem. We will ask the TA during the meeting.						
Adjustments for next Sprint Plan						
More tests.						
Try to build either an android app or a web app.						
Finish the achievemnts logic.						
Clean the report.
